

INDEX TO VOLUME 46

1964

SUBJECTS

Agricultural economics

- Agriculture economists in the changing land-grant university, 999
- Changing relevance of agricultural economics, 1004
- Institutional development at home and abroad, 1087
- Programs, progress, and research needs in area economic development, 1112
- Team approach in resource development, 1133

Agricultural policy

- Adjustment analysis in wheat producing areas, 820
- Agricultural adjustments based on national growth, 39
- Agriculture exports and economic development, 979
- Agriculture and depressed areas, 984
- Agriculture and foreign economic policy, 915
- Alternatives in rural poverty problem, 418
- Appalachian program, 1122
- Capitalization of farm program benefits—comment, 687
- Collective bargaining for farmers, 1260
- Corn production in the U. S., 1870-1960, 751
- Demand and supply of agricultural labor, 1246
- Economic criteria for classifying farms, 1232
- Effects of allotment reconstitution on tobacco yields, 1415
- Farm Bureau and the New Deal—comment, 251
- Farm program benefits and land values, 246
- Farmland valuation and farm programs, 1253
- Future organization and control of production and marketing, 930
- Gains and losses from technological change, 1065
- Institutional-legal relations to facilitate adjustments in agriculture, 953
- Maximum profit dairy rations that include wheat, 580

- Measurement of productivity growth in U. S. agriculture, 685
- New legal-economic relationships between government and farmers, 962
- 1963 Wheat Referendum, 588
- Optimum rate of technological change, 1075
- Performance of collective bargaining, 1268
- Processes for collective bargaining in agriculture, 1274
- Production quotas and land values, 993
- Progress in resolving rural poverty, 429
- Public Law 480 and Canadian wheat exports, 805
- Rural economic development, 780
- Sabotaging the parity concept, 867
- Stability of farm income in a stabilizing economy, 323
- Surplus disposal and supply control, 593
- Technological change in U. S. agriculture: the aggregation problem, 200
- Trade liberalization vs. import restriction, 20
- Trade liberalization vs. import restriction—comment, 493
- Transportation policy and implications for agriculture, 1281
- Urban-industrial development and income differentials, 56
- West German policy for improving agricultural structure, 791

American Farm Economic Association

- AFEA as viewed by a sample of its members, 533
- Awards program, 894, 1433
- Committees, 1457
- Constitution, 1455
- Employment service 293, 523, 718, 1446
- Fellows, v, Dec.
- Meetings
 - 1963 winter meeting, *iii*, May, 418
 - 1964 annual meeting, 281, 509
 - 1964 winter meeting, 893
- Minutes, Executive committee and business meetings, 1448
- New members, list, 907

INDEX TO VOLUME 46

American Farm Economic Association

- AFEA as viewed by a sample of its members, 533
- Awards program, 894, 1433
- Committees, 1457
- Constitution, 1455
- Employment service 293, 523, 718, 1446
- Fellows, v, Dec.
- Meetings
 - 1963 winter meeting, *iii*, May, 418
 - 1964 annual meeting, 281, 509
 - 1964 winter meeting, 893
- Minutes, Executive committee and business meetings, 1448
- New members, list, 907

Reports of officers and committees, 1421
 Student activities, 282, 1437
 Sustaining members, 294
 What do our readers want?, 866

Consumption economics

Advertising in social perspective, 387
 Development of a new approach to forecasting demand, 618
 Temporal aggregation in distributed lag models, 673

Cooperatives

Cooperatives as a structural dimension of farm markets, 603

Data, agricultural

Data requirements for new research models, 1391
 Research on the collection of prices received and prices paid by farmers, 1336
 Sources of data for econometric models, 1400
 Use of instruments to collect economic data, 487

Demand (see consumption, marketing and prices)

Economic development

Agricultural adjustments based on national growth, 39
 Agricultural exports and economic development, 979
 Agricultural productivity in economic development, 1051
 Agriculture and depressed areas, 984
 Alternatives in rural poverty problem, 418
 Appalachian program, 1122
 Burden of debt in Indian agriculture—comment, 248
 Corn production in the U. S., 1870-1960, 751
 Differential rates of growth, 1043
 Economic development for farms in southern Italy, 295
 Economic feasibility research, 989
 Fertilizer in Japanese agricultural development, 766
 Gains and losses from technological change, 1065
 Institutional development at home and abroad, 1087

Interest rates in underdeveloped rural areas, 313
 Land-grant colleges in rural regional development, 682
 Optimum rate of technological change, 1075
 Programming model for planning in India, 137
 Programs, progress, and research needs in area economic development, 1112
 Progress in resolving rural poverty, 429
 Recursive economic systems in rural-urban development, 466
 Research programs in developing countries, 1095
 Response of rice to nitrogen: India and the U. S., 150
 Rural economic development, 780
 Team approach in resource development, 1133
 Technological change in U. S. agriculture: the aggregation problem, 200
 Urban-industrial development and income differentials, 56
 West German policy for improving agricultural structure, 791

Extension

Business games as marketing extension tool, 1024
 Education program in farm management, 1179
 Improving extension and collegiate teaching, 341
 Rural-urban research and extension programs, 1032

Farm management

Analytics of decision making, 1353
 Economic criteria for classifying farms, 1232
 Education program in farm management, 1179
 Linear programming applied to cost minimizing management strategies, 556
 Paired comparisons as applied to seeding cropland to grass, 1219
 Production management research for the livestock enterprises, 1172
 Tobacco research program, 1166

Finance and credit

Burden of debt in Indian agriculture—comment, 248

- Financial problems in a changing agriculture, 1200
- Interest rates in underdeveloped rural areas, 313
- Lifetime changes in financial problems of farmers, 1191
- Fruits and vegetables**
 - Seasonal potato market, 1321
 - U. S. demand for bananas, 1326
- India**
 - Burden of debt in Indian agriculture—comment, 248
 - Programming model for planning in India, 137
 - Response of rice to nitrogen: India and U. S., 150
- International Association of Agricultural Economists**, 283, 710, 1448
- Japan**
 - Fertilizer in Japanese agricultural development, 766
- Land and water**
 - Farmland valuation and farm programs, 1253
 - Influence of reservoir projects on land values, 231
 - New standards for evaluating water resources projects, 491
 - Plans for eastern river basins, 1139
 - Programs, progress, and research needs in area economic development, 1112
 - Recreation as a purpose of eastern water projects, 1148
 - Sharing costs of flood control, 1158
- Livestock and meat**
 - Hog cycle as harmonic motion, 375
 - Influence of temperature on feed conversion by swine, 1227
- Marketing**
 - Advertising in social perspective, 387
 - Appraisal of spatial studies, 1380
 - Bilateral oligopoly in bread markets, 161
 - Business games as marketing extension tool, 1024
 - Case for unregulated truck transportation, 398
 - Changing role of price, 117
 - Collective bargaining for farmers, 1260
 - Cooperatives as a structural dimension of farm markets, 603
 - Demand and supply of agricultural labor, 1246
 - Development of a new approach to forecasting demand, 618
 - Economic feasibility research, 989
 - Equilibrium size of milk plant, 109
 - Estimating route assembly costs, 841
 - Evaluation of alternative spatial models, 1372
 - Future organization and control of production and marketing, 930
 - Nature of competition among food retailers, 1306
 - Optimum location of processing plants, 94
 - Performance of collective bargaining, 1268
 - Price and cost analysis in processor-producer feasibility studies, 644
 - Processes for collective bargaining in agriculture, 1274
 - Productivity of management in local agribusiness firms, 857
 - Quality competition in the fluid milk industry, 1331
 - Research on vertical coordination, 489
 - Seasonal potato market, 1321
 - Space-product equilibrium in the dairy industry, 719
 - Space-sales ratio as measure of product differentiation, 173
 - Spatial equilibrium and quadratic programming, 67
 - Spatial research—measurement for what?, 1365
 - Structural change among buying and selling firms, 1238
 - Transportation packaging, 1290
 - Transportation policy and implications for agriculture, 1281
 - Transportation rate structure and movement of agricultural commodities, 1297
- Methodology**
 - Analytics of decision making, 1353
 - Appraisal of spatial studies, 1380
 - Computer models and simulation, 1341
 - Curve fitting to step functions, 662
 - Data requirements for new research models, 1391
 - Dual in spatial programming, 993
 - Effect of weather on agricultural output, 218
 - Estimating statistical cost functions, 179

- Evaluation of alternative spatial models, 1372
 - Hog cycle as harmonic motion, 375
 - Interregional activity analysis model, 349
 - Intertemporal price equilibrium model, 477
 - Linear programming applied to cost minimizing management strategies, 556
 - Measurement of technology, 657
 - Optimizing path algorithm in comparison of farm work methods, 410
 - Optimum location of processing plants, 94
 - Paired comparisons as applied to seedling cropland to grass, 1219
 - Price elasticities and joint products, 652
 - Probability theory analysis and non-random enumeration data, 835
 - Procedures for mixed integer programming problems, 1213
 - Recursive economic systems in rural-urban development, 466
 - Regional interdependence analysis, 442
 - Spatial equilibrium and quadratic programming, 67
 - Spatial research—measurement for what?, 1365
 - Statistical model of demand for soybeans, 366
 - Technological change in U. S. agriculture: the aggregation problem, 200
 - Temporal aggregation in distributed lag models, 673
 - Use of instruments to collect economic data, 487
 - Wallis-Moore nonparametric test, 249
- Milk**
- Milk production functions, 1
 - Optimum levels of milk production, 567
 - Quality competition in the fluid milk industry, 1331
 - Space-product equilibrium in the dairy industry, 719
- News Notes, 284, 517, 711, 897**
- Obituaries**
